

# UTRIP 2011

## The University of Tokyo Research Internship Program 2011

The Graduate School of Science, The University of Tokyo

- **Prepare for the rigors of graduate study in natural sciences:**

UTRIP is open to those who are seriously thinking of pursuing a doctoral degree in the natural science and other relevant fields. You will gain the experience of “real graduate-school life” at the University of Tokyo (known as TODAI in Japan). Lectures on cross-disciplinary scientific areas are also part of the program. You can stay at TODAI for a period of between six and eight weeks. Please check the website below for further details.

- **High quality instruction from top-level scholars:**

TODAI is ranked 9<sup>th</sup> in the QS World University Rankings 2010 – Natural Science (QS World University Rankings ©). According to 2010 Essential Science Indicators SM, TODAI is ranked 2<sup>nd</sup> in Physics, 3<sup>rd</sup> in Biology & Biochemistry, and 5<sup>th</sup> in Chemistry (Source: “ISI Web of Knowledge SM,” Essential Science Indicators SM. Copyright © 2010 The Thomson Corporation.) Participants will receive intensive instructions and lectures from the School’s renowned faculty members, and will work side-by-side with graduate students and faculty who serve as role models and as mentors.

- **Chance to receive the School’s scholarships:**

Participants who are highly rated by faculty members will be given priority for financial aid when and if they apply for graduate admission in School in the following year.

- ◇ **Eligibility:**

- Be currently enrolled in the junior or senior year of a Bachelor program in a four-year education system, or the equivalent year at the time of application.
  - Be specializing in natural science, engineering, or other relevant fields.
- Japanese proficiency is not prerequisite. We will accept up to twenty (20) talented students with a genuine desire to pursue a career in natural science research.

- ◇ **Financial Aid:**

Participants will receive school financial support to cover expenses such as airfares, accommodation, etc.

- ◇ **Learn about Japan:** Participants will have opportunities to learn about Japanese culture and the Japanese language.

- ◇ **Schedule:** Program period starts from 16 June throughout 18 August. The participants will stay at TODAI for a period between six and eight weeks. Please check the Chart of Faculty Members and Research Topic at the UTRIP 2011 website for details.

- ◇ Check the School’s website for additional information.

Please check out the School’s website for further details.
